

Italian Home
for Children

Dear Friend,

Italian Home for Children promotes the resilience and well-being of youth, adults, and families from all backgrounds who face mental health and educational challenges. We offer a wide range of highly specialized programs that serve people in a variety of ways.

We are looking to secure auction items for our annual Gala, to be held on Friday, May 2, 2025, at Artists For Humanity in Boston. This is a fun evening for a great cause. It draws a lively crowd of attendees of all ages, local community leaders from government, healthcare, finance, human services, technology, and education—empathic citizens who care about our kids and their community.

We will publicize your donations throughout the bidding process and at the Gala itself, reaching a great audience for your business.

For questions and to donate, please contact Jack Kretzmer, Development Database Coordinator, at jkretzmer@italianhome.org. Thank you!

Warm regards,

Susan Keays
CEO and President
Italian Home for Children
